

CAMPAIGNING TO COMMUTERS

WEDNESDAY JUNE 15TH WE ARE CAMPAIGNING TO COMMUTERS

The Every Australian Counts campaign is taking our message about fixing Australia's underfunded, inequitable, fragmented and inefficient disability system to the commuters of Sydney.

On the 15th of June we will be leafleting at the entrance to Sydney train stations. Disability organisations from across Sydney have volunteered to organise a crew of Every Australian Counts Campaign Champions to be at the entrance of train stations handing out campaign material like post cards, stickers and leaflets. Most activity will take place in the morning during the peak hour period.

You can help:

If you would like to join in and help leaflet a train station, then we would welcome your support. Joining in is easy. Just pick a train station from the list on the right of this page. Then send me an email with your name, contact phone number, and the station where you would like to volunteer at. I will send you the name of a contact person and the time to meet at the station.

My email address is daniel.kyriacou@ndis.org.au
