

You are invited to a free orientation session for the “Working With Carers Training Package”

The orientation sessions are designed for **managers, coordinators** and **trainers** from NSW Department of Ageing, Disability and Home Care and services funded by the Department. The training package is designed for all frontline staff working with frail older people or people with a disability.

The training package:

- Includes a **FREE** manual, CD-ROM and DVD provided to each service
- Is a tool to build the capacity of DADHC and DADHC funded services working with carers
- Contributes to service orientation and staff professional development
- Helps the learner to gain a broader awareness of the roles, responsibilities and needs of carers
- Investigates strategies to support carers

In the orientation session:

- Learn to use the training package with ease and discover its flexibility
- Look at parts of the Trainer’s Guide and the Learner’s Guide
- Explore the different delivery styles from group to self paced learning
- Watch the carer interviews on the DVD

**Carers NSW is delivering half day orientation sessions at locations throughout NSW (see next page for details)
Program materials and lunch provided**

Developed under the NSW Carers Action Plan 2007-2012
